Coshocton Moose Family Center 935/ chosen for who we are!

OSMA President Bob Halley is a member of Middletown Lodge 501. Members of Middletown can boast of a fabulous new lodge and a large membership. When Bob decided where to hold the annual OSMA Christmas party he chose Coshocton 935. We are centrally located but we feel many other factors entered into President Halley's decision. A hotel across the street was a plus but a major reason we were chosen was because of our professionalism for hosting such an event, our friendly and courteous staff and an overall atmosphere of friendliness within our lodge family. Out of town members are made to feel welcome when they visit whether it's a state party, poker run, benefit or just a couple of folks cruising the circuit of lodges on a road trip.

Such an atmosphere doesn't always come natural, you have to recruit and hire the right people. Enthusiastic employees, fun loving members and forward looking officers. Great personalities and competent people within your operations and representing your lodge and fraternity is a model for success. Of course there is a downside and that is the ones who look to create problems, those who constantly bring a negative outlook to the lodge, who drink irresponsibly, who engage in conversations that harm others and refuse to follow lodge decorum. **Those people will not be with us long, we don't need or want them.**

Have you walk into a public facility, a private lodge, or any other forum where folks gather and feel like you have intruded on them, it happens almost immediately. Nobody speaks to you, the bartenders, clerks, members acts like you are strangers and interrupting them. It's a very common feeling in our society today. We won't let that happen in our lodge, we enjoy our visitors, we make them feel welcome and make sure they know we appreciate their visit and yes, their business. Make no mistake we are in a business, we need to generate revenue to keep our lodge open. We also need to recruit new members and keep the ones we have. Our special thanks to

President Bob Halley, the OSMA Board, the members attending the party, our volunteers and employees and especially to you, our members. You are the inspiration and the backbone of the friendliest lodge in town, Coshocton Moose Lodge 935.

Lodge Happenings

MooseVision Returns :

A great tool to inform our members of lodge upcoming events, menus, bands and general information of the lodge is the MooseVision program. We've had it going a couple of times but without someone to constantly update the information it soon fell by the wayside. Amy Burnside has agreed to take on the challenge to keep MooseVision updated and informative with pictures of lodge events and activities. Be sure when you visit the lodge to watch the TV behind the bar as it scrolls through its frames of information. We would be pleased to put information that you might like to relay to our members. Birthdays, anniversaries, for sales items or use your imagination to create a frame that might bring a smile to someone. See Amy or Don Freed with the information you would like someone to see and we'll do our best to get it posted.

Moose 935's Business Center:

As you enter the lodge from the parking lot (side entrance) you will notice a computer and printer next to the ATM. This is Moose 935's new business center. The computer is internet accessible however it is an older version and is not very fast. Larry Farrell, owner of ITM Services is going to donate a newer version which will be much faster. The business center is for checking e-mails or other matters that might come up while your visiting the lodge. Kids may also use the center but please don't tie up the center too long if others are wanting to use it. The Coshocton Moose lodge is wireless and a few of are members use their laptops for various endeavors. **Please do not use your laptops on the bar, the persons sitting at the bar may be there to relax and to get away from the business of the day.** We will be adding a charging station at the business center so that you can charge a cell phone if your caught suddenly without power. Any one having unwanted chargers to fit various brands of cell phone please drop off at the lodge and we will store at the business center. As we grow our center please let us know what updates we may need to make it a fully functioning business center for your use.

Lodge Membership Campaign:

We just had our youth Christmas Party which absolutely the largest crowd we ever had in the lodge. It was exhilarating and yet saddening too. As those that were gathered were told, lodge functions such as they were experiencing was what fraternal organizations do. But we can't do it if we are not supported year round and not just when we have events such as picnics and Christmas parties. Times are tough as nails in our county and money has to be spent wisely. We need our members to remember that social clubs are a great value for their dollars and safe place for their families to socialize. The lodges give back to our members, to local charities and to support groups within our communities. The best way to support your lodge is to introduce new folks to us. People that you would like to spend time with and folks who want a great return on their investment. Once again the lodge is willing to help, we will give back for your efforts. A new member can enroll for \$50.00 dollars. The lodge will then reimburse them \$20.00 dollars in Moose Bucks that can be spent on anything but gaming and Moose dues or fees. We will also give you as their sponsor a certificate toward a steak dinner, a \$10.00 value. The lodge now receives \$1.00 of membership dues and next year we will have to raise dues or face the prospect of actually paying in money as Moose International fees climb two dollars a year for the next five years. Your lodge needs you (and your friends) now more than ever and we want to be there when you need us. Your visit for dinner or lunch will assure that we will. Support Your Local Clubs!
