Thank You London.

At long last we are able to fulfill the promise of being truly a Moose Lodge. To many it has seemed a long slog. It seemed that Murphy's Law picked us out for special atten-

tion. One can understand that some almost despaired of not reaching what is seen as NORMAL. So now is the time to take stock of what you all have achieved in just a little over six months. We started with plenty of enthusiasm, no building to call a home, no cash to get one, yet with a faith that somehow if enough people wanted it, it would happen.

What you have achieved is way beyond expectations, or if you like normal. We have moved from a **Moose Service Center** with just three officers to a **Moose Activity Center** with a full complement of Officers. The men started with 51, members at the time of writing this, they had 98, almost double. 29 of these enrolled in the first three weeks of the year and it is expected we will be at 100 before February starts. Our goal is to reach 150 by the end of the Moose year.

The Ladies started with 25 and should be at 50 by the time you read this. We had a computer donated so all the admim controls are now in place, and financially we are not wealthy but holding our own. We are waiting on just one other thing to fall into place, which incidently we didn't have the means to operate, but will by the time it arrives. Like all organizations, not all members are volunteers, to succeed we could do with more stepping forward to maintain the rate of growth. Those who have volunteered have shown a high level of commitment & enthusiasm, and are our guarantee for success. THANK YOU LONDON.
