

Mike Thatcher
Safe Surfin' Chairman

October 1, 2013

Attention All Ohio Lodges, Chapters, Districts, Moose Riders, Moose Legions,
Anyone who would like to set up for the ID Finger Printing Kits for the children and
the elderly,

We have 6 kits in the state of Ohio. 2 for around the Columbus and Cincinnati area.
Call George Grosser at 614-554-8663.

We have 2 kits around the Cleveland area call Gene Morelli at 1-440-785-9989.

And the other two are in the East Side of Ohio. Contact the Ohio Safe Surfin'
Chairman Mike Thatcher at 1-740-968-4695 home phone or cell at 1-740-359-8421.

If you set up a day that you need more than two we will make sure you get more
kits.

Do this at your lodges and community days ,fairs, schools, malls. If you need and
information or any questions just call me.

We also **Bullet Proof Vest** for our Police Department and Sheriff Department and
Safety Pac to help protect our kids, information on both attached to this letter.

Thank You,

Mike Thatcher
O.S.M.A
Safe Surfin' Chairman

**STUDENT
SAFETY
INNOVATION**
by Teachers

Personal Ballistic Protection for Students

The Problem: A live shooter enters a school with guns and begins shooting innocent children.

The Solution: The Safety-Pac student protection system is a multi-purpose school organizer with a Kevlar panel insert providing ballistic protection in the event of a school shooter.

Student Security is Our #1 Priority

Developed by a Teacher who understands the needs of students, the **Safety-Pac** student protection system can buy precious time for students when waiting for law enforcement to arrive during a school shooting.

PATENT PENDING

STUDENT PROTECTION SYSTEMS, LLC

The **Safety-Pac student protection system** is constructed with a heavy duty coated polyester fabric and encases today's most innovative ballistic technology. The Level IIIA Ballistic Panel provides ballistic protection capable of stopping 9mm, .357mag and other common threats to students.

- **Light weight at just under 3.5 pounds**
- **Measures 16X18 inches**
- **Slightly less than 1/2 inch thick**
- **Fits neatly over the back of a student chair**
- **Advanced Ballistic Protection**
- **Meets or Exceeds Level IIIA Standards**
- **Velcro closure allows for easy removal of Kevlar panel for laundry of the outside cover**

ANOTHER SAFE SURFIN' PROJECT
PROTECTING THOSE WHO
PROTECT OUR CHILDREN!

PROTECT THE PROTECTORS

"Lets not put any more names on this wall!"

A Police Officer Dies Every 53 Hours In the Line of Duty

Over 200,000 law enforcement officers are without protective ballistic vests.

Will you help to protect those who protect us?

Help me provide bullet resistant vests for these officers.

"Officers in Florida, Mississippi, California and West Virginia were killed by armed sexual predators. These officers were protecting our children, we need to protect them!"

Sheriff Mike Brown
