

## *Moose International Announces new Tips Promotional Code for Lodge Use*

Moose International has just renewed their contract with our TIPS provider. Once again, the contract stipulates that any Moose "employee" is eligible to receive a 40% discount when taking the online TIPS course. They must enter a promotional code during registration in order to receive the discounted rate of \$24. The old promotional code will expire June 1, 2016. We have been issued a new promotional code that is effective immediately. The new code is "MOOSETIPS". Please spread the word to your lodges. I have provided instructions for entering the promo code below:

- Go to [www.gettips.com](http://www.gettips.com)
- Click on "Get TIPS Certified"
- Next, click on "Click here to take an online eTIPS course."
- Then, click on the large, yellow button that reads, "Take Online Course"
- Answer the question about the environment that the training will be used in
- Fill out the registrant information and continue with registration
- After which, the "Personal Training Portal" page will come up. This is where the Promotional Code will be entered.
- Enter **MOOSETIPS** in all caps, no spaces, and click on "Apply Code"
- Continue by entering credit card information

It is important to remember that use of this promotional code is reserved for those within the lodge whose duties and responsibilities or the law dictate TIPS training. **It is not a Moose member perk to be used outside of the lodge setting.**
